Junior Boys Basketball

We couldn't catch them in uniform but the Junior Boys still look stylin' in their team photo!

Oscar Wilde once said,
"Experience is the name everyone gives to their mistakes"
Basketball is about experience, and for that reason it's one of the most challenging sports to play. At any one time you may be playing defense but thinking offence and the reverse, covering your check yet able to give him the slip, shoot and block shots in a game of constant motion. Basketball is a way for us to reach our goals whether they are to stay healthy, score the winning basket or even make some new friends.
